

Tourism, Heritage & Culture – Sport & Recreation Branch

The answers provided in this document reflect the Branch’s efforts to provide as much clarity and guidance to our partners in the Recreation and Sport sector based on feedback from public health, requirements noted in the Mandatory Order, content that is and/or was available on the GNB webpage, feedback that was developed through the response process associated with the early stakeholder engagement calls, and content that reflects good interpretation of requirements associated with Operational Plans. The situation is fluid and the information changes regularly. The onus is on each organization to understand the restrictions set out by the Province as well as the recommendations and requirements of Public Health and the Guidelines for New Brunswick Workplaces issued by WorkSafe NB.

The health and safety of our citizens is of paramount priority, and the public is strongly encouraged to visit the Province’s dedicated COVID-19 website for the most current information: www.gnb.ca/coronavirus .

COVID-19 FREQUENTLY ASKED QUESTIONS *** November 25 th , 2020***		
REGIONS IN ALERT LEVEL RED: Organized sport not allowed. Gym, rinks, fitness facilities, etc are closed.		
ALERT LEVEL	GUIDANCE FOR REGIONS IN ALERT LEVEL ORANGE	GUIDANCE FOR REGIONS IN ALERT LEVEL YELLOW
1. Where can I find information on GNB COVID-19 response?	www.gnb.ca/coronavirus and Frequently Asked Questions	
2. Is organized sport allowed?	<p>Yes. Recreation and Sport organizations may operate but are limited to practices and/or skill and drills within a single team. No games or competitions.</p> <p>A single team is defined as a group of individuals that has been getting together on a weekly basis for their organized activity.</p> <p>To clarify, this is NOT allowed at this time:</p> <ul style="list-style-type: none"> - Skills clinic/camp that is not scheduled on a weekly basis (PD day camp, etc) - Skills clinic/camp that does not have a consistent group of participants on a weekly basis - Skills clinic /camp that hosts individuals from various regions within a zone. <p>In addition, a single team is defined as a group having no physical interaction with another group. For example, if the space allows for it, two teams can be on the same playing surface for their practice as long as they do not interact with each other.</p> <p>For an individual who is a member of more than one sport that holds weekly activities, he or she should consider limiting their number of social interactions but may continue both activities.</p> <p>For individual sports, capacity on the field of play must be based on the ability to maintain strict physical distancing up to a maximum of 50.</p>	<p>Yes. Organized sports may operate as long as they identify and implement means to limit the number and intensity of close contacts during play.</p>

REGIONS IN ALERT LEVEL RED: Organized sport not allowed. Gym, rinks, fitness facilities, etc are closed.

ALERT LEVEL	GUIDANCE FOR REGIONS IN ALERT LEVEL ORANGE	GUIDANCE FOR REGIONS IN ALERT LEVEL YELLOW
<p>3. If an individual travels outside of the New Brunswick are they allowed to return to their organized sport activities in the yellow zone?</p>	<p>No. Individuals who have travelled outside of New Brunswick who are not exempt from self-isolation MUST self-isolate for 14 days from the time of arrival in New Brunswick. More details are available in the GNB Mandatory Order.</p> <p>If all guidance in this document is being followed, then household members who are not self-isolating may attend their activities. However, organizations can adopt stricter requirements to mitigate risk if they feel it is required.</p>	
<p>4. If an individual travelled to a region in an orange Zone are they allowed to return to their organized sport activities in a yellow zone?</p> <p>See zones here: Regional Health Authorities</p>	<p>Only essential travel is recommended in and out of Orange level zones. Organized sport is not considered essential travel.</p> <p>Please note that the Greater Halifax region is now considered an Orange zone.</p> <p>Individuals who resides in an orange zone but conducts their regular sport activity in a neighboring yellow zone are not permitted to participate in the yellow zone activity at this time. An exemption is for students who commute daily within the province to school in a region in that is another color phase. New Brunswick students who commute daily for school within the province can participate in activities in their school region, but they must follow the guidance for the color phase in which they reside.</p> <p>Sports and Recreation participants who have recently travelled to a region that is in an orange phase, but live in a region that is in a yellow phase, are to follow the same guidelines for those that reside in an area that is orange. They are permitted to attend practices and/or skills and drills within their team with active screening, but are not permitted to participate in games/competitions for 14 days. Travelers are to monitor their symptoms for 14 days and if symptoms develop, they are to self-isolate and seeking testing.</p> <p>* Essential travel is described at the end of paragraph 10 of the GNB Mandatory Order.</p>	<p>Individuals from a region in the yellow alert level should not travel to a region in the orange alert level for organized sport activities (or vice versa).</p> <p>Each of us are individually responsible to follow public health guidance to ensure public safety, however, organizations can adopt stricter requirements to mitigate risk if they feel it is required.</p>

REGIONS IN ALERT LEVEL RED: Organized sport not allowed. Gym, rinks, fitness facilities, etc are closed.

ALERT LEVEL	GUIDANCE FOR REGIONS IN ALERT LEVEL ORANGE	GUIDANCE FOR REGIONS IN ALERT LEVEL YELLOW
5. Is a child who travels outside of the Atlantic Bubble for custodial agreements allowed to participate in organized sport activities?	<p>Many NB parents share parenting responsibilities for a child with a parent who lives across provincial borders. Under the current guidance from Public Health NB, those children are permitted to continue participating in organized sport activities. Parents in such situations are asked to take special care that their children do not contact others outside their households.</p> <p>Each of us are individually responsible to follow public health guidance to ensure public safety, however, organizations can adopt stricter requirements to mitigate risk if they feel it is required.</p> <p>Note: the parent who resides outside of the Atlantic Bubble is required to self-isolate for 14 days if he/she decides to come visit their child in NB. That parent is not permitted to attend any of the child's activities in NB.</p>	
6. What do I do if I find out a facility we were in or a team we played against had a positive case?	<p>Public Health will advise anyone who has been exposed to someone diagnosed with COVID-19 and identify any control measures that are required to be put in place. Regional public health will lead the process of tracing the identity of other persons that may have been exposed. Advice to anyone that may have been in the same proximity of another patron who is diagnosed with COVID-19 would be to self-monitor unless Public Health requires them to self-isolate. As always organizations can adopt stricter requirements if they feel it is required.</p>	
7. What facilities and outdoor venues are allowed to open?	<p>Outdoor recreational activities are allowed, including campgrounds, ATV or snowmobile trails.</p> <p>Gym, fitness facilities and yoga studios may operate under a COVID-19 operational plan with additional public health measures, including:</p> <ul style="list-style-type: none"> • Two metres of physical distancing, with masks, in low-intensity fitness classes such as yoga, tai chi, and stretching; and three meters of physical distancing of high-intensity activities such as spin, aerobics and boot camp. • Active screening and record keeping of patrons • Closed locker rooms/commons areas (see question # 18) 	<p>All facilities and outdoor venues are allowed to open.</p>
8. Do municipalities, schools/ facility owners have the right to not open facilities even if the restrictions are lifted?	<p>Yes. When there are no restrictions, the opening of recreation and sport facilities is at the discretion of the facility owners.</p>	
9. How many participants are allowed in a facility or on an outdoor field for organized recreation and sport activities?	<p>Occupancy limit is set at 50 or fewer, depending upon the size of the venue and the ability to ensure two metres of physical distancing, with continuous mask use and record keeping.</p> <p>There could be a wide range of layouts of multipurpose facilities. Each would have to be assessed on its own individual basis. For example, an indoor facility may have multiple sporting spaces separated from each other entirely. If spaces can be physically separated and controls are in place to</p>	<p>Organized sport is considered a controlled activity and as such does not require the 50 person limit as do 'gatherings'. "Gathering" which is referred to in the GNB mandatory order implies common intent or purpose associated with socializing, celebration, ceremony or entertainment.</p> <p>Occupancy of any facility must be based on the ability to maintain is it physical distancing between people that are not</p>

COVID-19 FREQUENTLY ASKED QUESTIONS

*** November 25th, 2020***

REGIONS IN ALERT LEVEL RED: Organized sport not allowed. Gym, rinks, fitness facilities, etc are closed.

ALERT LEVEL	GUIDANCE FOR REGIONS IN ALERT LEVEL ORANGE	GUIDANCE FOR REGIONS IN ALERT LEVEL YELLOW
	<p>avoid traffic from one to another, the participants can be based on space with a limit of 50 people per space.</p> <p>Where facilities (indoor or outdoor) have more than 1 space per entrance/exit, a staggered schedule is required to limit the amount of patrons entering/exiting at one time.</p>	<p>close friends and family. Venues with indoor events with controlled entry and/or controlled seating, are required to capture contact information on persons using the facility. Owners and occupiers of land and/or buildings must take all reasonable steps to prevent gatherings of more than 50 persons unless effective procedures ensure adequate screening and distancing as required by WorkSafe NB and the Chief Medical Officer of Health.</p>
10. Are organizations required to collect information on the participants that take part in their activities?	<p>Yes. The current mandatory order requires that organizations maintain a record of the names and contact information of all persons who attend and must make those records available to Public Health Inspectors upon request.</p> <p>For more guidance: Collection of names and contact information under the Mandatory Order COVID-19</p>	
11. What type of screening is required for our activities?	<p>Active screening is required upon arrival to practice.</p> <p>Active screening means that a designated person must ask all the questions on GNB's symptom checklist to everyone entering the venue. As an enhanced precaution, for those who feel their sport has a greater element of risk, temperature checks can be requested at home or at the facility.</p> <p>Given the current outbreaks, although the screening questionnaire says 1 symptom can be ok, we currently advise that anyone who has a fever of 38 degree celcius or more not be allowed on premises.</p> <p>In addition, the volunteer must request all patrons to sanitize their hands upon entrance to the premises.</p>	<p>A modified approach to Active Screening is now required for Organized Sport activities which includes:</p> <ul style="list-style-type: none"> • Passive screening using the screening questionnaire must be conducted at home prior to leaving for the activity. • For activities involving youth, upon arrival at the activity, a volunteer must conduct an additional check by asking the child if the passive screening took place prior to coming to the activity and asking them if they are experiencing any symptoms of COVID-19. If it did not, the volunteer must conduct the screening with the child (parent) prior to their entrance. • In addition, the volunteer must request all patrons to sanitize their hands upon entrance to the premises. <p>Given the current outbreaks, although the screening questionnaire says 1 symptom can be ok, we currently advise that anyone who has a fever of 38 degree celcius or more not be allowed on premises.</p> <p>Note that screening may be done using an electronic system (eg. Teamsnap) provided the participant is prompted to respond to the questions and the system records the answers.</p>

REGIONS IN ALERT LEVEL RED: Organized sport not allowed. Gym, rinks, fitness facilities, etc are closed.

ALERT LEVEL	GUIDANCE FOR REGIONS IN ALERT LEVEL ORANGE	GUIDANCE FOR REGIONS IN ALERT LEVEL YELLOW
<p>12. Is my organization required to maintain 2m physical distancing measures during its activities?</p>	<p>Organizations must take measures to best ensure physical contact is restricted. Practices should be conducted using individual skills and drills and by limiting interactions as much possible. Physical distancing remains important and every effort should be taken to reduce physical contact as much as possible.</p> <p>In Orange zones, team benches should not be used unless they maintain 2m physical distancing. For close-contact sports (e.g., pairs dance, combat sports), additional precautions are required to mitigate risk. Close-contact sports may continue to engage in the sport by assigning up to a maximum of 2 individuals to a group that is not interchangeable provided that additional risk mitigation measures be added including but not limited to conducting active screening and requiring participants to provide informed consent and commitment to respect preventative measures during sports activities as well as in their daily lives.</p>	<p>All reasonable attempts shall be made to respect physical distancing measures except brief contact on the field of play. This precaution should apply to all activity taking place during practices and competition. Organizations should identify ways in which activity will be modified to maintain physical distancing and limit contact wherever possible.</p> <p>For close-contact sports (e.g., pairs dance, combat sports), additional precautions are required to mitigate risk. Close-contact sports may continue to engage in the sport by assigning up to a maximum of 4 individuals to a group that is not interchangeable provided that additional risk mitigation measures be added including but not limited to conducting active screening and requiring participants to provide informed consent and commitment to respect preventative measures during sports activities as well as in their daily lives. The following sport specific guidance must also be applied: where the sport occurs in pairs, they should be kept consistent as much as possible within the group of 4, focus training sessions on brief contact as much as possible; keep the duration of the activity/ bouts/ sparring to a minimum.</p> <p>Action should be taken to minimize out of region activity. Provincial Organizations are expected to:</p> <ul style="list-style-type: none"> • play an active role in identifying where out of region activity is necessary and where it can be avoided • understand that overnight travel carries additional risk • understand that travel requires additional risk mitigation (e.g., group travel, avoiding spread of virus to other regions, procedures at hotels and dine-in restaurants, etc.).

COVID-19 FREQUENTLY ASKED QUESTIONS

*** November 25th, 2020***

REGIONS IN ALERT LEVEL RED: Organized sport not allowed. Gym, rinks, fitness facilities, etc are closed.

ALERT LEVEL	GUIDANCE FOR REGIONS IN ALERT LEVEL ORANGE	GUIDANCE FOR REGIONS IN ALERT LEVEL YELLOW
	<p>Other important considerations include: no team cheers, no team huddles, players must have their own water bottle and those bottles must be clearly identified.</p> <p>A layered approach to risk mitigation that combines effective modifications for physical distancing; mask use; enhanced cleaning and disinfection of high-touch surface areas; screening; staying home when sick or required to self-isolate and good hand and respiratory hygiene is required. Physical distancing is required at all times before and between practices and games, arrivals/ departures, changerooms, and travel to the activity.</p>	<ul style="list-style-type: none"> understand that all team travel needs to be addressed within a team’s COVID-19 operational plan.
13. Is my organization allowed to have day camps?	Day camps are allowed. Sport day camps must operate according to the Guidance to Early Learning and Childcare Facilities and Day Camps as well as the expectations for the particular sport (including maintaining physical distancing) involved as established by the relevant provincial sport association. FAQs for Day Camps	
14. Is my organization allowed to group participants in “bubbles” where they wouldn’t need to maintain physical distancing?	<p>“Bubbles” are not permitted for sports. This is based on public health evidence (current and emerging) associated with transmission of COVID-19 and the risk mitigation measures to protect community and sport-participant health.</p> <p>For close-contact sports (e.g., pairs dance, combat sports), additional precautions are required to mitigate risk (see Question 12)</p>	
15. How does the mask policy impact organized sport and facility operators?	Wearing face masks is mandatory in public spaces, both indoors and outdoors. Outdoor public spaces include parks, playgrounds, markets, festival sites, dog parks, and walking trails. A mask is not required while walking, jogging, cycling, etc. with people in the same bubble, where they are unlikely to encounter people, or risk coming within two metres of, people from outside their bubble.	Community face masks must be worn in public spaces (including retail businesses, malls, service centres, public transport, etc.) and at unofficial indoor gatherings in New Brunswick. However, community face masks are not a substitute for physical distancing.
	<p>For sport: While masks are not required by individuals while participating in an organized sport, they must be worn indoors at all other times, including between practices and games, etc. Where spectators are permitted, they must wear a mask at all times in indoor facilities, or where otherwise required to do so. If some sports are able to incorporate wearing a mask into play, this will be encouraged. Physical distancing must be maintained as much as possible on team benches. Where team benches cannot be adapted to allow for physical distancing (e.g. arenas), teams should be aware that this poses increased risk for participants and should act to limit the duration of player interaction by having smaller rosters where possible and/or employing frequent substitutions. For venues where team benches can be adapted, teams should act to maintain physical distancing. Participants are not required to wear masks while on the team bench during game play, but if feasible, this should be encouraged. Where participants are not wearing masks on the team bench during game play, ensure participants are being substituted frequently. Any participant not in substitution should wear a mask. (eg. coaches, 2nd goalie, etc)</p>	

Tourism, Heritage & Culture – Sport & Recreation Branch

COVID-19 FREQUENTLY ASKED QUESTIONS

*** November 25th, 2020***

REGIONS IN ALERT LEVEL RED: Organized sport not allowed. Gym, rinks, fitness facilities, etc are closed.

ALERT LEVEL	GUIDANCE FOR REGIONS IN ALERT LEVEL ORANGE	GUIDANCE FOR REGIONS IN ALERT LEVEL YELLOW
	<p>Masks are required in dressing rooms for everyone present. In dressing rooms, masks must be worn continuously, combined with 1 metre minimum physical distancing between individuals.</p> <p>For fitness facilities and outdoor activities: Orange zones: in addition to the 2-metre physical distancing requirement, masks are required in low-intensity fitness classes such as yoga, tai chi, and stretching. For high-intensity activities where masks may not be practical or tolerable (eg. spin, aerobics, boot camp), a mask is encouraged but not required and three metres physical distancing is required. Yellow zones: While masks are not required by individuals while participating in an indoor fitness activity that requires exertion they must be worn at all other times, including walking from one station to another where there is higher likelihood of coming in contact with another patron. If wearing a mask is possible for some fitness activities, this will be encouraged. Masks are required in dressing rooms, combined with 1 metre minimum physical distancing between individuals.</p> <p>For offices: Employees would be required to wear a mask in all common areas of a public building or office; such as lobbies, staircases, hallways, washrooms, and elevators, or otherwise when interacting with the public. In the workplace of a public building (e.g., workstations, office, cubicle), employees are not required to wear a mask if they are able to work 2 metres of each other and where they are not interacting with members of the public (patrons, customers, clients, general public). Review paragraph 15 of the Mandatory Order for detail.</p> <p>For meeting spaces: For rental spaces in a public venue, the facility operators may want to consider whether they can ensure that those renting the meeting room are following the mask use guidelines and practicing physical distancing within the room. This would need to be detailed in a COVID-19 operational plan. The same considerations noted above will also apply. If the facility determined that the meeting spaces and office spaces were appropriate places for masks to not be worn by specified users, they would want to clarify that masks would be required in all other aspects of the venue. Masks would be worn up until and upon entry into the meeting room or office space and would be reapplied once an individual got up to leave that space. Physical distancing is required at all times, with or without masks.</p> <p>For more information: Mandatory Masks - FAQ ; Use of Community Face Mask</p>	
16. Can face shields be worn instead of a face mask?	<p>A face shield may be used in addition to a face mask and may offer value in their added ability to protect the eyes from potential exposure to COVID-19 contaminated respiratory particles, but when worn alone, face shields are insufficient and do not replace, or substitute, face masks.</p>	
17. If my activity can't be done with physical distancing measures, can the participants just wear masks?	<p>In some activities, wearing a non-medical mask (NMM) may not be practical or tolerable, e.g., when playing active sports there might be a risk of poor oxygenation, easily soiled/moistened due to sweating/heavy breathing, or risk from injury if the mask is caught on equipment. Also, for NMMs to be of benefit, they need to be worn correctly. Failing to do so may present a risk rather than a benefit. For sports where a face shield can be used (e.g. hockey), a face shield may be considered. Anyone who is in a public area, where physical distancing of two metres cannot be maintained, should wear a face covering that covers their nose and mouth unless they are a child under the age of two or if they cannot wear one for medical reasons. For sport and recreation facilities, general guidance would be for patrons to wear them during low-intensity fitness activities where practical and tolerable as well as at all times while not conducting the activity (e.g. entrance/exits and spectators)</p>

REGIONS IN ALERT LEVEL RED: Organized sport not allowed. Gym, rinks, fitness facilities, etc are closed.

ALERT LEVEL	GUIDANCE FOR REGIONS IN ALERT LEVEL ORANGE	GUIDANCE FOR REGIONS IN ALERT LEVEL YELLOW
18. Is there guidance available for facility owners on the use of locker/change rooms?	<p>Locker rooms and common areas must be closed in gyms, fitness facilities and yoga studios.</p> <p>Change/locker rooms will remain open in pools and arenas. Although it is safer to avoid change/locker rooms, it is understood that they are necessary in some situations. When change/locker rooms in pools must be used, 2 meters physical distancing and masking is required. When change/locker rooms in arenas must be used, 2 meters physical distancing and masking is preferred but 1 meter physical distancing will be tolerated where necessary.</p> <p>In Orange zones, team benches should not be used unless they maintain 2m physical distancing.</p>	<p>For the use of locker/change rooms, a 1 metre distance must be maintained with continuous mask use and occupancy should be addressed by taking into consideration that in any enclosed, indoor space with unknown or poor ventilation quality, risk of transmission may be heightened. Additional considerations could include staggered scheduling, opening additional rooms for change room usage, changing at home as much as possible, wearing face masks for an added layer of transmission protection.</p>
19. Is there guidance available for facility owners on the use of showers?	<p>Showers must be closed.</p>	<p>Although there is no specific guidance related to shower usage, it is believed that higher-humidity conditions increase droplet formation and dispersion. Greater cleaning and disinfection may be advised within these settings. Additional considerations could include limiting the use of communal showers to only one patron at a time and limiting the use of showers to user groups that require them (morning practices prior to school).</p>
20. What are the physical distancing requirements for spectators in sports/rec venues?	<p>Physical distancing of 2 metres is required at all times and masks must be worn continuously.</p>	<p>Physical distancing may be reduced to 1 metre at venues where seating is provided for employees, patrons and/or visitors when community face masks are used at all times. <u>The 1 metre rule only applies in the areas of the venue where seating is provided.</u> There are no exceptions to this rule including persons exempt from the requirement to wear a face covering by the Chief Medical Officer of Health such as children and/or for medical reasons. The consumption of food and drinks is not permitted in these seating areas. If a venue permits face coverings to be removed for any reason, including the consumption of food or drink, a 2 metre distance must be maintained unless appropriate engineering controls have been implemented per guidelines from WorkSafeNB.</p>

30. What organizations are required to have a COVID-19 Operational Plan?	<p>Each organization or group must have its own unique COVID-19 Operational Plan in place that outlines how they will manage the safe operation of their programs and activities. The plan must address, but is not limited to, physical distancing, cleaning and disinfecting, hand and respiratory hygiene pre-screening for symptoms.</p> <p>This includes Multisport Organizations, Provincial Sport Organizations, Regional Organizations and Local Organizations.</p> <p>COVID-19 Operational Plans must be made available at all workplaces and activities.</p>	
31. Can a local club just adopt its' Provincial Organization's COVID-19 Operational Plan?	<p>Provincial Organizations are encouraged to provide high level guidance. Local organizations must have their own COVID-19 Operational Plan that takes in consideration local operations.</p>	
32. Will Government review and approve my COVID-19 Operational Plans?	<p>Government does not approve plans.</p> <p>Sport and Recreation Organizations can contact their respective Sport and Recreation Branch Consultant for additional guidance however final approval remains the responsibility of each organization.</p>	
33. Is there a mechanism for organizations to be able to access the COVID-19 Operational Plans from each of the facilities?	<p>The Sport and Recreation Branch does not keep a database of organizations COVID-19 Operational Plans.</p> <p>It is incumbent on organizations and clubs to work collaboratively with facility owners and operators to ensure that programs are delivered as safely as possible.</p> <p>Recreation and Sport Organizations should refer to or add the COVID-19 Operational Plan of the facility they are using to their organization's COVID-19 Operational Plan.</p>	
34. If I rent an office, am I required to have a COVID-19 Operational Plan or is it a landlord's Responsibility?	<p>All organizations must have their own COVID-19 Operational Plan for their workplace. When the workplace is rented from another organization, it should align with the landlord's COVID-19 Operational Plan.</p>	
35. Can my organizations hold an in-person meeting?	<p>Indoor meetings for business purposes are allowed provided they can maintain physical distancing and meet other requirements. Organizations are still encouraged to use conference call or online conferencing software for their meetings.</p>	
	<p>Some operations may be required to further adapt during the orange public health alert level; review the Fall preparedness plan for detail and also keep up to date with the Mandatory Order.</p>

COVID-19 FREQUENTLY ASKED QUESTIONS

*** November 25th, 2020***

REGIONS IN ALERT LEVEL RED: Organized sport not allowed. Gym, rinks, fitness facilities, etc are closed.

ALERT LEVEL	GUIDANCE FOR REGIONS IN ALERT LEVEL ORANGE	GUIDANCE FOR REGIONS IN ALERT LEVEL YELLOW
36. If there is no opportunity for approval of my Operational Plan what will happen if there is a spot check and my plan doesn't meet the requirements?	<p>The inspections/spot checks are focused on education and monitoring. If spot check finds weaknesses in a plan, the aim will be to provide the guidance for the organization to meet the requirements. Blatant disregard of the requirements could result in a fine, or worse, a COVID-19 outbreak.</p> <p>The action items that are listed in the WorkSafe NB template are comprehensive.</p>	
37. Some of our coaches are self-employed. Are they required to have their own operational plan?	<p>Organizations that hire coaches are required to have a COVID-19 Operational Plan. Unless the coaches offer activities independently of an organization, they are not required to have their own COVID-19 Operational Plan.</p>	
38. Where can I find more information about Employment Standards?	<p>www.gnb.ca/labour or contact 1-888-452-2687</p>	
39. Where can we purchase hand sanitizing or protective equipment?	<p>https://www2.snb.ca/content/dam/snb/Procurement/AtlanticCanadaPPESuppliersForPrivateIndustry.pdf</p>	
40. Where can I find a guide on cleaning and disinfection for COVID-19?	<p>https://www2.gnb.ca/content/dam/gnb/Departments/h-s/pdf/Cleaning_DisinfectingE.pdf</p>	
41. Is there guidance available to determine how often a shared piece of equipment should be disinfected?	<p>There is currently no specific guidance other than "as often as possible" to a minimum of twice per day. Sports are responsible to determine the best system to implement to limit exposure via the sharing of equipment (eg. Rotation of sanitized balls after each play, etc.)</p>	
42. Is there guidance on how to return/exchange/swap equipment safely?	<p>If possible, equipment/clothing that is being returned or exchanged should be washed or sanitized before the exchange. If items cannot be cleaned and disinfected, isolate goods in a separate bin (labelled with return date) for at least 24 hours before giving it to another participant. Employees/volunteers must wash their hands after handling any clothing/equipment that has been tried on. Glove use is not required. If staff are using gloves, they should be changed after every interaction.</p>	
43. For outdoor Recreation facilities, are nearby washrooms satisfactory for hand washing or do they	<p>There is no defined requirement on where handwashing stations must be in proximity to the activity. Organizations must be able to demonstrate that hand hygiene requirements can be met.</p>

need to bring in hand washing equipment right at the entrance of the field/court?		
44. Who is responsible to provide hand cleaning stations / hand sanitizing dispensers? Facilities or user-groups?	Facilities will be required to have hand cleaning stations which will be listed in their COVID-19 Operational Plan. Organizations must also address cleaning and sanitization in their respective COVID-19 Operational Plan and practices. Organizations are encouraged to communicate with their respective facility to confirm these details.	
45. What does my organization do if we find out that an employee, volunteer or participant has been exposed to someone infected with COVID-19?	https://www.worksafenb.ca/media/60927/frequently-asked-questions-COVID-19.pdf	
46. My program requires having volunteers with First-Aid and CPR certificates, but first aid courses aren't offered due to COVID-19 physical distancing measures. What do I do?	See WorkSafe NB FAQs for guidance: https://www.worksafenb.ca/media/60927/frequently-asked-questions-COVID-19.pdf	
47. Are all sport organizations expected to follow the same Public Health guidance addressed in this document?	Yes. Unless special approval has been provided by Public Health, all sport organizations (including for-profit sport organizations) are expected to follow the guidance provided in this document.	
48. What are the current border restrictions? Our organization would like to hire a coach/facilitator from another Province for a	Interprovincial travel without the requirement to self-isolate is permitted in Newfoundland and Labrador, New Brunswick, Prince Edward Island and Nova Scotia, for residents of Atlantic Canada. Visitors from other Canadian provinces and territories must adhere to the local entry requirements in place in each of the four jurisdictions. Other Canadian visitors to the Maritime provinces that have self-isolated for 14 days may then travel within the Maritime region. For more information: Travel Information
