COVID-19 – update

On October 5th the Government of New Brunswick announced that a ‘circuit breaker’ will be put in place for 14 days, effective October 8th at 6:00 p.m. The circuit breaker applied to Public Health Zone 1, parts of Zone 3 and Zone 4.

Hockey New Brunswick has received confirmation that the circuit breaker will not impact HNB programming. All HNB sanctioned activities can continue in all age divisions and areas of New Brunswick.

It’s essential that the Hockey New Brunswick membership review the [HNB Return to Hockey Guidelines](#), the [Hockey Canada Safety Guidelines](#), the [GNB Frequently Asked Questions](#) and the Guidelines for the facilities in which they’re using on an ongoing basis.

Additional COVID-19 resources are available at - <https://hnb.ca/en/covid-19>

Thank you for your patience.

Respectfully,

Nic Jansen
Hockey New Brunswick
Executive Director
