* To add affiliates to a roster, follow 19.7 from HNB Ops Manual

* Comp teams confirm affiliates first, then Rec divisions add theirs

* Rec teams have a draft for affiliates under supervision of division coordinator or VP of Rec

* Rec teams can only call up affiliates if less than 10 skaters

* Special permission required from respective division V.P. to deviate from the chart

* If higher level team needs a player, it is **coach to coach** communication, not coach to parent.

* Lower level coach can refuse request if there is a scheduling conflict for the game day

* Should the affiliate player miss a game, practice or team event with their permanent team while participating with the affiliate team), the affiliate player designation will be revoked
